Company Description

As an expert company for fire-extinguishment and safety, we pursue safety and convenience.

Smart Auto Fire Extinguisher(fireZERO)

- We will promptly respond to fires that occur anytime, anywhere for initial firefighting and prevention of fire spread.
- It can minimize the loss of life and property by preventing fires or initial firefighting.

Product

FZ-T(Tube-type automatic extinguisher)

Function and Usage :

The extinguishing agent within the tube is released automatically through reaction by temperature or flame and puts out the fire.

- Tube : At 100 °C ± 3 °C, the tube releases the entire liquefied gas within 10 seconds
- Extinguishing agent : Eco-friendly extinguishing agent (FM200 or NOVEC1230) that is harmless to the human body and also puts out fires

Marketing and Selling Points :

- In-an-instant extinguishment within 1 second
- Electricity-free heat-detecting tube
- Easy installation
- Eco-friendly extinguishing agent (harmless to the human body)
- Nothing remains after firefighting is finished
- Affordable price
- Optimized for initial firefighting and fire containment
