## Company Description

KMS PARTNER is a beam projector specialist and has been developing, manufacturing and selling various beam projectors for the past 10 years. You can find beam projectors with innovative and creative designs that reflect customer needs.

## Product

### ZEUS Minibeam Projector

Great for indoor and outdoor use.  
 Lightweight and portable, our projectors deliver sharp video resolution wherever it's needed.  
 Boasting powerful picture quality, wireless mobile connection, and cinematic viewing up to 150 inches.  
 Relax after getting off work; watch movies on your projector in your bedroom or in the living room while doing yoga; it's convenient and compact.  
 Whether it's cocktails on a rooftop deck or a BBQ on the patio, you can get the show started anywhere, anytime.  
 Mini-beam made with Korean technology.

### ZEUS LED Beam Projector

Useable in varied locations such as the home, conference rooms, and camping sites.
