Company Description

STATIC is the world's first company to develop and release magnetic detachable wireless Power Bank and manufacture premium wireless charging products.

Product

MAGPLUS BATTERY PACK

Function and Usage : MAGPLUS BATTERY PACK is a power bank optimized for iPhone. This portable power bank allows you to take full advantage of MagSafe technology and charge your Apple iPhone.

Marketing and Selling Points :

*Amazing quality

MAGPLUS BATTERY PACK is the only made in Korea power bank that is designed in Korea and all manufacturing processes are carried out in Korea to ensure high quality.

*Excellent performance

STATIC is a company that produces the Qi 2.0 Korean standard wireless charging platform and has excellent technology. Based on this outstanding technology, we developed a high-performance wireless power bank.

MAGPLUS ONE

Function and Usage : MAGPLUS ONE is a product that combines a MagSafe-type pop socket with a wireless charger, and provides grip, charging, and stand functions in one product.

Marketing and Selling Points :

*Overwhelming performance

MAGPLUS ONE has Qi 2.0 technology and is capable of 15W wireless charging, which is twice the speed of previous products.

*Brilliant design

MAGPLUS ONE implements a luxurious design by applying soft feel coating and tempered glass to the design that takes advantage of the soft shape and soft lines.
